

Media Center Service Operations

Each Sunday, we are provided with the sight and sound ministry of our church service by only a few members of our church every week. If they are not available, then the operations of sight and sound become chaotic or not available.

The Worship Committee is asking for just a little of your time of volunteering in this ministry. With enough volunteers, a schedule will be created bi-monthly that will save your time to once or twice a month, at minimum; just like periodically being a greeter/usher. All we need is a few moments to fill this form out and place it in the basket/box on your way out from service.

If you need training, it can be provided as a group, or one-on-one. Contact David Williams at derogue@comcast.net or Don Bergen at dbergen@havenfirstumc.org for training.

Can you volunteer your time in this ministry? Yes No

What operation:

Slide Show operation (Use of computer, changing/moving slides during service) Yes No

Sound Board operation (Running sound system, monitoring sound board, prepping service recording). Yes No

Will you need training in the operations marked above? Yes No
